CORRESPONDENCE

A motion was made by Mr. Bunch, seconded by Mr. Montalbano, to place correspondence on file with the County Clerk. A voice vote was unanimous. There was no correspondence to file.

RESOLUTION 1

1. Resolution to reapportion County Board districts.

A motion was made by Mr. Tjelmeland, seconded by Mr. Montalbano, to place Resolution 1 on the floor. A motion was made by Mr. Tjelmeland, seconded by Mr. Montalbano, to amend Resolution 1 to attach the reapportionment plan. The list was placed on file with the County Clerk.

Mr. Goleman asked if this is the actual listing of precincts, or partial precincts, for the said districts. Chairman VanMeter stated that they are.

Brian McFadden, County Administrator, addressed the Board. He explained that every 10 years State law requires the County's reapportionment of districts, which is driven primarily by population deviation. General guidelines are that a district shall have no more than a 10% deviation. The current map they have now has a deviation of 48%, which is the difference between the largest and smallest districts. Every 10 years, counties are to re-align those boundaries to get that deviation back to fewer than 10%, as established by the courts. Major growth in the County has occurred in the southern and western portions and in Sherman area. Most districts are growing in that direction. Districts that are under the standard target population for a district, which is 6,809, need to get bigger and grow to get up to that margin of no more than 10%. Those districts that are bigger than that either need to stay that way, or get smaller to accommodate that deviation. Population deviation is the main driver with this. A secondary force is the requirement to create or maintain majority minority districts. Sangamon County currently has two majority minority districts.

A motion was made by Mr. Schweska, seconded by Mr. Boyster, to table the amendment so they have a chance to discuss this with constituents and show it to the public. Mr. Schweska stated that people should be given a chance to look at this map. A voice vote carried and the motion to table the amendment failed.

Chairman VanMeter asked for a roll call vote on the amendment of Resolution 1. Upon the roll call vote, there were 22 Yeas – 2 Nays. Mr. Boyster and Mr. Schweska voted no. A voice vote carried for the adoption of Resolution 1, as amended.
