

Resolution # 10-1

WHEREAS, Sangamon County has reached a point in the development of its Geographic Information System (GIS) where data and data products from GIS may be made available for distribution; and

WHEREAS, the use of GIS data and data products will be attractive to private firms and the members of the general public; and

WHEREAS, it is appropriate for the county to set fair and reasonable user fees to recover costs of making GIS data and data products available; and

WHEREAS, GIS development and the generation of GIS data and data products are not standard commodities making in unfeasible to set fees based on what neighboring counties or peer counties charge; and

WHEREAS, Sangamon County previously has satisfactorily utilized MAXIMUS, Inc. to complete various fee and cost allocation studies; and

WHEREAS, Sangamon County has received the a proposal and professional services contract from MAXIMUS, Inc. in the fixed amount of \$12,500.00 for identifying and defining the services to be priced, identifying and documenting GIS costs, and calculating and recommending fees for providing GIS data and data products to private firms and the members of the general public;

NOW, THEREFORE, BE IT RESOLVED that the Sangamon County Board, in session this 8th day of February, 2005, hereby approves contracting with MAXIMUS, Inc. and authorizes the Chairman of the County Board sign said contract for calculating and recommending fees for providing GIS data and data products.
