COUNTY BOARD MEMBER: #9 NAME: Tom Madonia, Jr.

DOCKET NUMBER: 2018-041

ADDRESS: 2623 Hilltop Road, Springfield, IL 62707

PETITIONER: Erik Karhliker

PRESENT ZONING CLASSIFICATION: "A" Agricultural District.

REQUESTED ZONING CLASSIFICATION: A variance to allow the front yard setback to be approximately seven (7) feet instead of the required thirty (30) feet and a variance to allow a parcel without public road frontage.

AREA: 1 acre

COMMENTS: None

OBJECTORS: None

PLANNING COMMISSION RECOMMENDATION: Recommend approval. The garage on the subject property was constructed to replace the old deteriorating attached garage at this location and be able to accommodate the increased size of today's vehicles. The petition also states "The garage cannot be placed North of the residence as the septic system is located there." This makes the setback variance necessary in order for the subject property to have an attached garage and yield a reasonable return. The subject property was created in 1989, so granting the zero road frontage variance will bring the parcel into compliance. The Standards for Variation are met.

RECOMMENDATION:

Approval of Staff Recommendation.

RECOMMENDATION OF THE BOARD OF APPEALS

THIS MATTER, Coming on for a hearing before the Sangamon County Zoning Board of Appeals of Sangamon County, Illinois, and it appearing to said Board that a petition for **variances** of the Zoning Regulations of said County has been filed herein by the above captioned petitioner (s); that legal publication has been made pursuant to law; and that a public hearing was held on **September 20, 2018** pursuant to law; and that said Board took testimony of witnesses, examined the evidence, and otherwise being fully advised in the premises, therefore finds as follows:

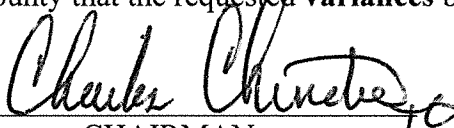

1. That said Board has jurisdiction to consider the petition filed herein.

2. That the above-captioned petitioner(s) is the owner(s) and/or has a beneficial interest in, contract to purchase, or is the County Board Member representing the property commonly known as: **2623 Hilltop Road, Springfield, IL 62707** and more particularly described as:

See Exhibit A

- 3. That the present zoning of said property is **“A” Agricultural District.**
- 4. That the present land use of said property is a **single-family residence with attached garage.**
- 5. That the proposed land use of said property is a **single-family residence with attached garage.**
- 6. That the requested **variances** of said property is **for a variance to allow the front yard setback to be approximately seven (7) feet instead of the required thirty (30) feet and a variance to allow a parcel without public road frontage.**
- 7. That required findings and standards of the Sangamon County Board of Appeals are accurately stated on the attached exhibit(s).
- 8. The evidence adduced at the hearing **does** support the proposition that the adoption of the proposed **variances** is in the public interest and is not solely in the interest of the petitioner(s).

IT IS, THEREFORE, the recommendation of the Sangamon County Zoning Board of Appeals to the County Board of Sangamon County that the requested **variances** be **approved.**

 CHAIRMAN

MINUTES OF THE

**SANGAMON COUNTY
RECOMMENDED - STANDARDS FOR VARIATIONS**

Case #: **2018-041**

Address: **2623 Hilltop Road, Springfield**

The Zoning Board of Appeals shall not recommend to the Sangamon County Board that the regulations of this ordinance be varied as authorized in F. (1) hereof, unless it shall make findings of fact based upon the evidence presented to it in each specified case:

- (i) that the property in question cannot be economically used or yield a reasonable return, if permitted to be used only for the conditions allowed by the regulations.

The garage on the subject property was constructed to replace the old deteriorating attached garage at this location and be able to accommodate the increased size of today’s vehicles. The petition also states “the garage cannot be placed North of the residence as the septic system is located there.” This makes the setback variance necessary in order for the subject property to have an attached garage and yield a reasonable return. The subject property was created in 1989, so granting the zero road frontage variance will bring the parcel into compliance.

- (ii) that the plight of the owner is due to circumstances unique to the property and not generally applicable to other property in the area.

The petition states that “The circumstances are unique because the placement of the garage merely replaces the old deteriorated garage which was eleven feet from the setback, but due to the increased size of today’s vehicles, a closer seven foot setback was necessary.” The petition also states “the garage cannot be placed North of the residence as the septic system is located there.” Staff concurs with the petitioner that these are unique circumstances. The subject property was created in 1989, so granting the zero road frontage variance will bring the parcel into compliance.

- (iii) that the variation, if granted, will not alter the essential character of the locality, impair an adequate supply of light and air to adjacent property, increase the congestion of traffic, or diminish or impair property values in the locality.

Negative impacts are not anticipated in granting the requested variances.
