RECAP
(For County Board Use)

COUNTY BOARD MEMBER: # 1 NAME: Tom Fraase, Jr.

DOCKET NUMBER: 2021-030

ADDRESS: 6900-7100 Block of Farmington Cemetery Road, Pleasant Plains, IL 62677

PETITIONER: Brent and Melissa Schwoerer

PRESENT ZONING CLASSIFICATION: "A" Agricultural District.

REQUESTED ZONING CLASSIFICATION: For Proposed Parcel 1: pursuant to Chapters 17.68 and 17.12, a rezoning from "A" Agricultural District to "R-1" Single-Family Residence District; and, pursuant to Chapter 17.66, a variance of Section 17.36.010(B) to allow an accessory structure to be approximately twenty-four (24) feet instead of the maximum height of eighteen (18) feet allowed in the "R-1" Single-Family Residence District; and, for Proposed Parcel 2: pursuant to Chapter 17.66, a variance of Chapter 17.04 (Lot depth) to allow the lot depth to be greater than two and one-half (2.5) times the lot width; and, a variance of Section 17.38.030 to allow one (1) parcel less than forty (40) acres (approximately 17 acres).

AREA: 22.4 acres

COMMENTS: None

OBJECTORS: None

PLANNING COMMISSION STAFF RECOMMENDATION: Recommend approval. Although the LESA score of 176 indicates the subject property is suitable for agricultural use only, the bank is requiring the petitioners to split the subject property to finance the construction of the proposed residence, and there is R-1 and several rural residences in the area that have set a trend. Allowing an accessory structure to be 24 feet instead of 18 feet in the R-1 District would be consistent with the height of accessory structures located on properties in this area that are zoned Agricultural, which has no height restriction. The other variances to allow the lot depth to exceed 2.5 times the lot width and to allow one parcel less than 40 acres are necessary for the split. The Standards for Variation are met.

SANGAMON COUNTY ZONING BOARD OF APPEALS RECOMMENDATION:
Approval of Staff Recommendation.

**SANGAMON COUNTY
RECOMMENDED - FINDINGS OF FACT**

Case #: 2021-030

Address: 6900-7100 Block of Farmington Cemetery Road, Pleasant Plains

(i) Existing uses of property within the general area of the property in question.

North – Residence, manufactured home, and cropland. East – Residence. South – Cropland. West – Residence and cropland.

(ii) The zoning classification of property within the general area of the property in question.

North – R-1 & Agricultural. East, South, & West – Agricultural.

(iii) The suitability of the property in question to the uses permitted under the existing zoning classification.

Although the LESA score of 176 indicates the subject property is suitable for agricultural use only, the bank is requiring the petitioners to split the subject property to finance the construction of the proposed residence, and there is R-1 and several rural residences in the area that have set a trend.

(iv) The trend of development, within the vicinity since the property was originally classified.

The trend of development is mostly agricultural with some rural residences in the area. In 2021, R-1 and an accessory structure height variance was granted north of the subject property. In 1991, B-3 was denied, but a Use Variance was granted north/west of the subject property. In 1990, a variance was granted for two residences on one parcel north/west of the subject property.

**SANGAMON COUNTY
RECOMMENDED - STANDARDS FOR VARIATIONS**

Case #: **2021-030**

Address: **6900-7100 Block of Farmington Cemetery Road, Pleasant Plains**

The Zoning Board of Appeals shall not recommend to the Sangamon County Board that the regulations of this ordinance be varied as authorized in F. (1) hereof, unless it shall make findings of fact based upon the evidence presented to it in each specified case:

- (i) that the property in question cannot be economically used or yield a reasonable return, if permitted to be used only for the conditions allowed by the regulations.

Allowing an accessory structure to be 24 feet instead of 18 feet in the R-1 District would be consistent with the height of accessory structures located on properties in this area that are zoned Agricultural, which has no height restriction. The other variances to allow the lot depth to exceed 2.5 times the lot width and to allow one parcel less than 40 acres are necessary for the split.

- (ii) that the plight of the owner is due to circumstances unique to the property and not generally applicable to other property in the area.

Other parcels in the area are zoned Agricultural, which has no height restrictions. For the remaining variances, the bank is requiring the subject property to be divided for financing purposes.

- (iii) that the variation, if granted, will not alter the essential character of the locality, impair an adequate supply of light and air to adjacent property, increase the congestion of traffic, or diminish or impair property values in the locality.

Negative impacts are not anticipated.
